

## THE SOLUTION

### ... Your Partnership

**A**GTs releases ministers into this world to make intensive changes. We prepare young men and women in a dynamic relationship with God, making them ready and able to proclaim His Gospel and demonstrate His character.

The impact of the scholarship funding is great. It enables men and women who are already in dynamic Christian ministry to receive education that otherwise might be unattainable for them.

We invite you, or you and your church, to make a significant commitment to help provide scholarships to needy, worthy men and women.

Just tear off the coupon and return it in the attached envelope to let us know that you will help train Pentecostal leaders for today and tomorrow.

*Or you can use your credit card to donate by telephone (1-800-467-AGTS) or online [www.agts.edu/partners/donate\\_online.html](http://www.agts.edu/partners/donate_online.html).*

*Preparing active leaders to evangelize the world!*

## OUR MISSION:

*Shaping servant leaders with knowledge, skill and passion to revitalize the church and evangelize the world in the power of the Spirit.*

*Combining accredited academic excellence with Pentecostal fervor, AGTS graduate programs are designed to propel men and women into powerful, life-changing ministry.*

## THE CHALLENGE

*...Needed Scholarship Funds*

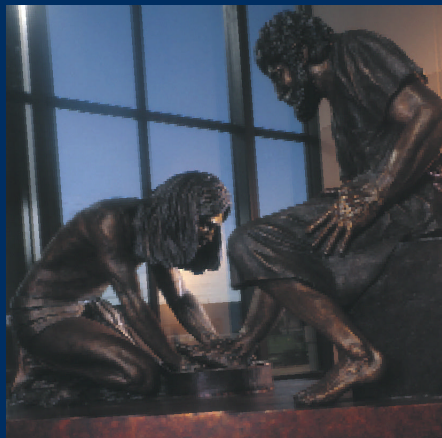

**I**n a future marked by increasing uncertainty, the impact of globalization signals daunting challenges, but the Church, empowered and led by the Spirit, has hope and confidence.

The missionary God we serve will demonstrate his redeeming power in places we never dreamed possible, through means that will astound us.

The students training at AGTS have a call. Many of them already have a track record of ministry. Here they sharpen their edges and prepare for even more effective ministry in the United States and around the world.

And the response to God's call for these men and women has been heard across the world: we are praising God for an increase in enrollment of 38% in the past two years!

While the increase in enrollment is a wonderful development, it has also escalated the serious need for \$300,000 per year in direct and indirect scholarship funds.
