Spring 2006

COURSE SYLLABUS

COURSE DESCRIPTION

This course is a study of adult psychopathology and behavioral disturbance in the context of the current edition of the Diagnostic and Statistical Manual of Mental Disorders. Each major diagnostic category will be studied emphasizing the definitions, etiology, and disorder maintenance, assessment by symptom recognition, differential diagnosis and preferred therapy.

OBJECTIVES

Upon successful completion of the course, the student should be able to:

1. Define mental disorder
2. Describe the history of the DSM
3. Identify the five axes of the DSM
4. Describe how and why the DSM is used.
5. Describe criteria for the major diagnostic categories.
6. Identify etiological factors involved in each major disorder.
7. Identify dominant treatment modalities for each major disorder.
8. Accurately diagnose mental disorders after review of case studies.

REQUIRED TEXTBOOKS

Sarason, I. G. & Sarason, B. R. (2005). *Abnormal psychology: The problem of maladaptive behavior*. (11th ed.). Upper saddle River, NJ: Prentice-Hall.

American Psychiatric Association. (2000). *Desk reference to the diagnostic criteria from DSM-IV-TR*. Washington DC: Author.

RECOMMENDED TEXTBOOKS

American Psychological Association. (2001) *Publication Manual of American Psychological Association*, (5th ed). Washington DC: Author

METHODOLOGY

The format of the course will consist of lectures, class discussions, multi-media presentations, homework assignments, and examinations.

COURSE REQUIREMENTS

1. Professionalism and courtesy in regard to attendance is expected.
2. Active participation in class discussions is expected. Students who attempt to monopolize discussions will be asked to limit their contributions to class discussions.
3. Completion of all readings as assigned is expected.
4. Weekly quiz over assigned reading.
5. Completion of all papers and assignments on time is expected. (Late papers/assignments will be lowered one letter grade for each date late.)
6. Completion of two comprehensive examinations based on the assigned readings, lectures, class discussions, and multi-media presentations is expected.
7. Student will write two papers. One on each of the following topics: Anxiety Disorders and Mood Disorders. Each paper will be a minimum of 10 to 12 pages. The first paper, (Anxiety) will be due on March 9th, the Monday following Spring break. The second

paper (Mood Disorders) will be due on April 13th. Each paper should cite twelve or more key references in the paper. Prominent names in the field should be cited. The paper must be concise, well researched, and strict adherence to APA will be expected. Following is a list of topics to address.

- a. Description of symptomology—physical, emotional, behavioral, indicators
- b. Significant factors in differential diagnosis.
- c. Possible etiological factors and assessment issues.
- d. Preferred therapeutic interventions of treatment.
- e. Basic treatment recommendations and prognosis.

GRADING PROCEDURE

The final course grade will be determined based on the combined scores on all exams, quizzes, homework assignments, and papers. Grades will be calculated by dividing the total number of points accumulated by the total possible points. Attendance and class participation will be considered in cases of borderline grades. It is hoped that students will not miss any class sessions. When it is necessary to be absent, students should send an e-mail to the professor prior to the class session if possible to maintain communication regarding material covered in class. Excessive absences may result in the student being dropped from the course.

Course grades will be awarded on the basis of the following percentages:

Midterm	150 Points	90-92% A-	93-97% A	98+% A+
Final Exam	150 Points	80-82% B-	83-87% B	88-89% B+
Paper #1	100 Points	70-72% C-	73-77% C	78-79% C+
Paper #2	100 Points	70 or below,		F
<u>Quizzes</u>	<u>150 Points</u>			
Total	650 Points			

Professional and Ethical Conduct: Students will conduct themselves in this course as professionals, preparing projects as directed and in a timely manner. They will complete assignments and exam in an ethical manner. Plagiarism, the presentation of another's work as your own, will be considered a serious violation of the Code of Ethics and may result in failure for the course.

Disability Accommodation: Any student who because of a disability may need special arrangements or accommodation to meet the requirements of this course is encouraged to see me before or after class to discuss accommodations.
